Research an element on the Periodic Table. Exclude hydrogen and helium. Your research may be presented in any format style you prefer. You must include the following information about your element.

- Name
- Atomic number
- Atomic mass
- Melting Point
- Boiling Point
- Density
- Phase at room temperature
- Classification (metal/non-metal)
- Period number
- Group number
- Number of valance electrons
- Reactivity (non-reactive, reactive, highly reactive)
- Add five additional interesting characteristics about your element

Student Choice – Get permission from you teacher for a different kind of project about the periodic table.
